

# *The National German Shorthaired Pointer Association*

## **National Championship Catalog**

### **The Action is in Booneville**

### **Where the Big Dogs Run**

58<sup>th</sup> National Championship \* The 51<sup>st</sup> National Futurity

34<sup>th</sup> National Amateur Shooting Dog Championship

40<sup>th</sup> National Shooting Dog Championship

The action starts February 25 and runs to conclusion (approx. March 7) at the J. Perry Mikles Wildlife Demonstration area near Booneville, Arkansas. You can participate in person or with an advertising sales message or congratulatory accolade in the National Championship Catalog published for this annual event. This is your opportunity to be represented. You can showcase your products, dogs, service, club activities or events.

You need to be represented in this historical issue featuring the elite American Field sanctioned One Hour Championships. This catalog is the source of information about the trial including the rules and regulations it runs under. It draws different handlers and spectators for each of the four events. It is also distributed at other NGSPA events and to NGSPA member throughout the nation and is a historical reference publication with information on previous winners, the Top 25 dogs of the previous year, the Dog Of The Year, and Purina Handler Of The Year winners and information on the dogs competing. So, your advertisement gets year long and beyond exposure. Your message will reach hunting enthusiasts, spectators, breeders, owners and handlers of the fastest growing breed of bird dogs – the GERMAN SHORTHAIRED POINTER.
